

# When you give at

vineyard church maryville

When you give to our church, you are supporting our ministry, not just on Sunday mornings, but in our community & around the world.

Every dollar given is automatically broken down into the following percentages, in order to ensure every aspect of our ministry can thrive.

## Vineyard Maryville

The vast majority of your donation goes directly into the ongoing ministry and outreach of our church body, right here in Maryville.

## Central Services

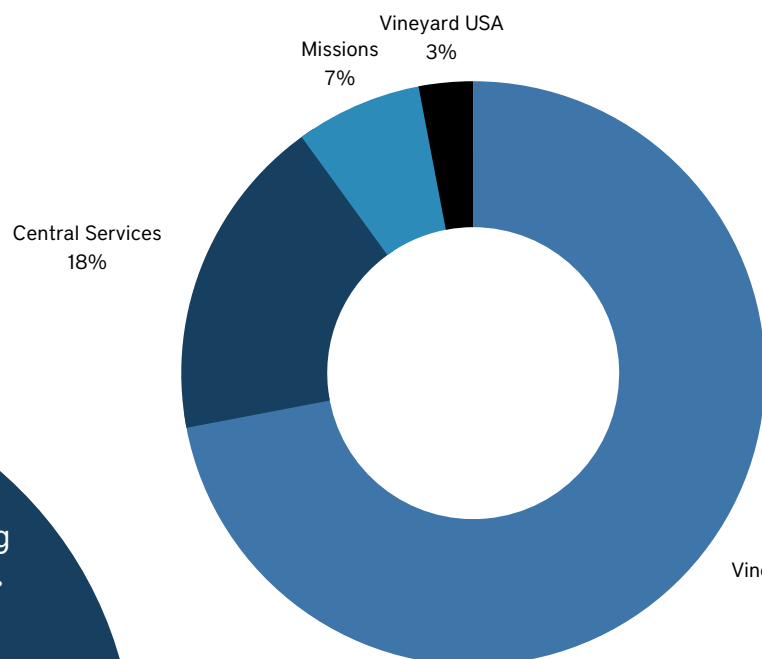

18% of your gift goes toward what we call Central Services. We have a small team on staff at our church whose entire job is to support the pastoral staff at both venues, and for missions by completing many of the behind the scenes tasks, such as finances, administration, communications, etc.

## Missions

A percentage of every gift goes into our international missions effort. Our Missions Pastor, Josh Armstrong, is currently a part of a larger effort to connect unreached people groups around with world with the Gospel, and we have the opportunity to make it happen!

## Vineyard USA

Finally, 3% of your gift is given to Vineyard USA. We get the chance to be part of a nation-wide association of churches who, like us, are pursuing the heart of God in their communities. In order to remain a part of this association, we fulfill our commitment of financial support.
