Board Clarification, Vineyard Church

This document aims to clarify the essential duties and leadership structure of each governing body at Vineyard Church. This document should be read with the knowledge that not every instance or situation can be planned and at any time a governing body can be called on to make a decision that is not included here. The Authority Matrix document outlines more of the decision-making capabilities of each of these groups.

Financial Board

The Financial Board is a team of individuals that direct and monitor the finances of Vineyard Church. The Financial Board shall be the governing body of the church in respect to financial, business and legal matters (i.e. financial investment, buying or leasing a facility, maintenance, contract negotiations, etc.). Both employees and church members may serve on this Board. The Financial Board members serve a 3 year term with an option for a second term - the option pending board approval. Board members are nominated by the Lead Pastor or voted on by the board. The Lead Pastor (voting member) and Business Administrator (non-voting member) are on the Financial Board and are not subject to term limits. The Lead Pastor is the Chairman of the Board and the President of the corporation.

Senior Leadership Team

The Senior Leadership Team is an ecclesiastical board made up of Vineyard Church leaders. This board sets the vision and strategic means to accomplish the vision for Vineyard Church as an organization. The board also serves as a governing board for Vineyard Missions, Central Services, and any venue that does not have an operating Eboard of their own. Board members will be added as needs arise through discussion and a vote of the current Senior Leadership Team. Additional board members will be discussed and voted on by current Senior Leadership Team.

Venue Ecclesiastical Board

The Venue Ecclesiastical Board (Eboard) will serve as an advisory board to help shape the vision, strategy and operations for that particular venue. The Eboard will be formed and lead by the Venue Pastor, members are to be invited to and taken off the Eboard after discussion with Senior Leadership Team. Members will be suggested by the Venue Pastor and approved by the Senior Leadership Team.
